

# SCHOOL FUNDRAISING IDEAS

## Pyjama Day

Charge students \$1 or \$2 to wear pyjamas for a full school day. You can amp up the fun by organizing a pancake breakfast.

## Coin Drive

Organize a coin drive, where the class who raises the most funds gets to do something special, like an extra recess, or watch a movie.

## Spring Carnival

Celebrate spring with a carnival! Charge for general admission or for participation in individual games. Invite parents and set up snack stands, as well as a general donation booth.

## Parents Party

Let's not leave out the parents! A parents' party is a fun event that brings parents together to rally for a good cause.

## Movie Night

What's better than watching a good movie with friends? Watching one at school and raising money while you're at it! Students will love donating a few dollars to watch a favorite film.

## Challenge the Principal

Students donate to see their principal do something silly, like getting pied in the face.

Every year, over 600 educational institutions, ranging from early childhood education centers, to elementary, high schools and post-secondary institutions take part in National Denim Day. Through their involvement, over 100,000 students, teachers, support staff and administrators from across the country mobilize to raise funds and awareness for breast cancer.
